TEMPLATE

BEACH CHAIR
WITHOUT ARMREST

DELETE THIS LAYER WHEN SAVING

Visible surface

Safe margin (place text and important images inside this line)

- Add a new layer for your design.
- Only use images with a resolution of at least 150ppi.
- Enclose images and convert text to outlines.
- **Important! Delete the layer with this template completely before saving! Also remove the lines! Otherwise they will be printed.**
- Save file as PDF.

Important! If the layer with this template (including the lines) is not removed before saving, it will be visible when printing.
